FESTIVAL WE ARE SINGING ADRIATIC IN CROATIA

From 3th – 6th April 2020

FAST FACTS ABOUT THE FESTIVAL

NON-COMPETITIVE FESTIVAL FOR ALL KINDS OF CHOIRS WITH MANY CONCERTS AND COMMON SINGING

Come to Opatija in the Springtime of 2020 to participate in a combined Opatija and Postojna cave choral festival that will be as meaningful as it is memorable. The ***We Are Singing Adriatic International Choral Festival***, will open with a concert at Opatija, and conclude at the Concert Hall of Postojna cave, with significant performances in Opatija's beautiful halls and churches throughout the second day.

The first We Are Singing Adriatic is held in at St Jacob's Church , open air stages Opatija's, Postojna cave and has been running annually ever since with great success: not less than 20 choirs from 10 countries have been performing in our concerts for 5 years, in front of a large, receptive and motivated audience.

This festival invites youth and adult choirs from all nations who perform programs that include choral works in folklore, regional sacred, contemporary and national pop music to participate in this rare opportunity. This is your chance to get to know and experience the incredibly culturally diverse city of Opatija, meet other choir directors, and share in the culture of fellow choristers from the world over. Sing in the Opatija and Postojna cave venues and be part of celebrating cultural diversity and mutual understanding through choral singing.

OPATIJA

Opatija is undoubtedly one of the most beautiful concert locations on the Croatian coast: its natural settings in Kvarner Bay, right by the sea, the colour of the sea itself, the buildings which herald from the glamorous eras gone by and the climate, which has made this area Croatia's first health resort.

Opatija microclimate is extremely favorable: an average air temperature in April is 17 °C

POSTOJNA CAVE

The highlight of the festival: the final concert held in the Postojna cave at Concert Hall on Sunday morning.

Acoustics here are exceptional, that is why hearing a singing deep down in Postojna is a memorable occasion. Its Concert Hall (3000 m2) can receive up to 10,000 visitors and serves as a concert venue. The Concert Hall is one of the largest underground sections in Postojna cave, at 65 m in length , about 40 m in width. The echo is very strong and lasts 6 seconds.
